

ST EDMUND'S COLLEGE CELEBRATIONS

We love shining a spotlight on the amazing things happening at St Edmund's College through our social media and other communication platforms. To make sure we're showing off every part of our students' lives and the exciting events happening at the College, we need your help! If you have any photos, stories, or updates you'd like to share, please send them our way for everyone to enjoy.

Please send appropriate images and a description of the activity to celebrations@stedmunds.act.edu.au. Unfortunately, submissions through other platforms e.g. Facebook/Instagram won't be considered. We don't want to lose sight of any submissions, so we really need them all to come through the one channel.

01

We like our students to be looking their best, so please make sure that students are wearing their uniform correctly. List the names of all of the Eddies' students in the photo so that we can make sure these students have permission to have their photo published.

02

We are always keen to showcase the diversity of our students' talents and interests. We have a very rich and positive learning environment at the College and we would certainly appreciate any images that highlight this.

03

Just a few things to note

The celebrations mailbox is generally not always monitored during the holidays. We will definitely respond once the term resumes. Content that you send through may be used on one of our many platforms including social media, the College website, Vortex, Pelican or the Yearbook. We can't promise that all images will be published. There are a range of factors that can come into play when we are publishing social media posts and creating promotional material, but we will certainly let you know if this is the case.

Thanks for helping us celebrate the vibrant St Edmund's community!
