

# ST EDMUND'S COLLEGE CELEBRATIONS

We love shining a spotlight on the amazing things happening at St Edmund's College through our social media and other communication platforms. To make sure we're showing off every part of our students' lives and the exciting events happening at the College, we need your help! If you have any photos, stories, or updates you'd like to share, please send them our way for everyone to enjoy.

Please send appropriate images and a description of the activity to [celebrations@sec.act.edu.au](mailto:celebrations@sec.act.edu.au). Unfortunately, submissions through other platforms e.g. Facebook/Instagram won't be considered. We don't want to lose sight of any submissions, so we really need them all to come through the one channel.

01

Please make sure that students are wearing their uniform correctly and include a list of the names of the students so that the Community Development Team can check that these students have permission to have their photo published.

02

We want to promote St Edmund's as a positive learning environment so please send through content that involves boys actively engaged in activities.

03

## **Please note**

- The Celebrations mailbox is generally not monitored during the school holidays, so please expect a response once the term resumes.
- Content that is submitted to Celebrations may be advertised on one of the College's platforms, including social media or Vortex.
- It is not guaranteed that all submissions will be published, due to the type and balance of content, or time restraints due to events throughout the College.
